Question

Consider the below graph for triangle counting task. Identify all the correct statements.

Graph-G1

4. Options

1 point

Check all that apply.

- ☐ The diameter of the graph is 3.
- ☐ The size of the transitive closure would be 81, if relation of a node with itself is also included in the transitive closure.
- ☐ The number of rounds to compute transitive closure using linear TC would be 3.
- ☐ The number of rounds to compute transitive closure using smart TC would be 2.
